

# Wood Buffalo Food Bank

2018 Giving Summary

The Wood Buffalo Food Bank offers programs and services that provide both the resources and education necessary to ensure food security for all citizens in the Regional Municipality of Wood Buffalo (RMWB).

## Our Impact

265,136 kWh  
Energy use reduced

The amount of energy that will be reduced over the lifespan thanks to the transition to certified LED light bulbs.

\$36,676  
Energy cost saved

An estimated total in energy cost savings over the lifespan of the certified LED light bulbs, including maintenance savings.

5,114  
Equivalent trees planted

A representation of the amount of carbon emissions that were avoided. Sadly, we do not physically plant the trees (yet).

## Featured Program: Emergency Hamper Support

The Wood Buffalo Food Bank provides emergency 3 day hampers to organizations within the RMWB. These hampers supply enough food to get a small family through the weekend until they can contact the food bank when it opens the following week.
